

The average golf ball
has roughly
400 dimples

but we're making a difference
just two at a time.

The Turning Stone Resort Championship PGA TOUR event will be a hole-in-one for Upstate New York's children.

The Upstate New York Empowerment Fund, together with the Oneida Indian Nation, is proud to offer two fundraising opportunities that will directly benefit Upstate New Yorkers' children, as well as many other important causes. The Turning Stone Resort Championship PGA TOUR event, this September 17-23, is the venue, and "Birdies for Charity" and "The Ticket Program" are the programs. Each is designed to partner the region's residents and charitable organizations with the Oneida Nation's PGA TOUR event. But the best part is that 100% of all collected pledged contributions will go directly to organizations that serve and support Upstate New Yorkers. Please contact us to learn more (315) 829-8282.
