DESIGN YOUR OWN MASK! *SENTRY TOURNAMENT OF CHAMPIONS*

Each year, the PGA TOUR tournament, Sentry Tournament of Champions, is held at the Plantation Course at Kapalua Golf in Lahaina, Hawaii. Sentry TOC loves to engage with their community and typically, fans from all over the island come out to experience the tournament with the top 30 players in the FedExCup standings who made it to the TOUR Championship, which are eligible for the Sentry TOC.

With the pandemic, the tournament has decided that fans will not be permitted on-site, but still has found ways to engage with their fans on the island. This year, Sentry had a mask design contest where winners were chosen to have their designs featured on masks that'll be handed out during the PGA TOUR Sentry Tournament of Champions event held on Maui, January 7–10, 2021. In addition, each winner will have a tree planted in their honor and receive Sentry Tournament of Champions merchandise. Designs were made in a way to help reflect their community and culture for the Sentry Tournament of Champions.

Below are the winning designs of this year's mask –

We want you to also design your own mask! One that reflects your community and culture. On the next page, you can use our template to help design your mask! In addition, we have another lesson, linked below on this page that helps you learn how to make the mask with your amazing design!
