The mission of Executive Women's Day at the 2019 Dominion Energy Charity Classic is to generate and strengthen business and social relationships by providing an exclusive and engaging environment for like-minded professional women.

This high-level networking event will be a day-long forum and will focus on topics vital to professional women including corporate leadership, network expansion, philanthropy and utilizing a professional golf event as a business and relationship builder. The theme for the day is "The Power of Different Voices," so each of our guest speakers will center their remarks on this topic.
